ABOUT THE CALIFORNIA MARITIME ACADEMY (CMA): The California Maritime Academy is a specialized campus of the California State University (CSU) system offering six baccalaureate degrees in Business Administration, Global Studies and Maritime Affairs (GSMA), Facilities Engineering Technology, Marine Engineering Technology, Mechanical Engineering, and Marine Transportation. The Academy also offers a Master of Science in Transportation and Engineering Management degree. The curriculum includes licensing programs for future merchant marine, coast guard and naval reserve officers. The California Maritime Academy, serves a population of approximately 950 students. The campus is situated in Vallejo on the shore of the Carquinez Strait and 30 miles northeast of San Francisco. For more information about the California Maritime Academy, please visit our web page at http://www.csum.edu.

Cal Maritime is committed to being a leading educational institution recognized for excellence in the business, engineering, operations, and policy of the transportation industries of the Pacific Rim and beyond. One of the ways we make good on this commitment is by hiring and retaining diverse and dedicated faculty and staff who lead the way in helping our students expand their knowledge and potential.
