CAL MARITIME

English and Math Proficiency Resources

Executive Order (EO) 665 is a policy passed by the California State University (CSU) Board of Trustees dealing with students who are not prepared to take college level math and writing courses when they are admitted to one of the 23 campuses of the CSU. This policy has been in effect at all campuses since 1998. **Under EO 665, all students who enter a CSU campus as first time freshmen or lower division transfers are required to take the Entry Level Math (ELM) and the English Placement Test (EPT) unless they are exempt.** These tests, if required, must be taken and the results must be forwarded to the campus, before a student can register for English and/or Math classes. While each campus in the CSU has its own programs, all must adhere to the regulations of EO 665.

Students who score below the required minimum must complete English and/or Math proficiency coursework during their first year of enrollment, otherwise they are not eligible to enroll in their second year. Students are highly encouraged to complete proficiency requirements prior to enrolling at Cal Maritime, but at times this is not possible. Listed below are several institutions and courses where students can complete their proficiency requirements. Students must first check with the Student Records Office at Cal Maritime for course approval prior to enrolling in any off-campus course.

California Maritime Academy, Extended Learning (http://www.csum.edu/web/industry)

EGL 001	Introduction to Composition (approximately $450)
MTH 001	Intermediate Algebra (approximately $450)

Omega Math (Web-Based) (www.omegamath.com)

Intermediate Algebra (approximately $110)
(Omega Math certificate of completion ok)

ALEKS (http://www.aleks.com/csum)

(An online math tutorial)

Cal Campus (Web-Based) (www.calcampus.com)

EN 300	College Basic English (approximately $595 plus books)
EN 300ESL	College Basic English for ESL (approximately $595 plus books)
MTH 304	Intermediate Algebra (approximately $595 plus books)

Brigham Young University Independent Study (Web-Based) (ce.byu.edu/is)

MATH 97	Intermediate Algebra (approximately $148 plus books)
	No English proficiency course available

University of North Dakota Division of Continuing Education (Web-Based) (www.conted.und.edu)

MATH 102	Intermediate Algebra (approximately $685 plus books)
	No English proficiency course available

Contra Costa College (local college) (www.contracosta.edu)

ENGL 142B	Writing: Expository (B)
ESL 195	Reading and Composition for High-Advanced ESL Students
MATH 120	Intermediate Algebra

Diablo Valley College (local college) (www.dvc.edu)

ENGL 118	College Writing Development
MATH 120	Intermediate Algebra

Napa Valley College (local college) (www.nvc.cc.ca.us)

ENGL 90	Preparing for College Reading and Writing I
MATH 94	Intermediate Algebra

Solano Community College (local college) (www.solano.edu)

ENGL 350	Reading and Writing Skills for ESL
ENGL 370	English Fundamentals
MATH 104	Intermediate Algebra
