

Get answers to your health care questions.

(From any port of call)

No matter where you go in the world, from the sun-drenched sands of the California coast to the unspoiled canopies of the rain forests, we're there with you. By tearing off the attached card and placing it in your wallet or purse, you'll have access to an experienced, licensed nurse you can call to ask about health related issues.

The MedCall 24-hour Nurse Line is available when you need us.

If it's 3 p.m. or 3 a.m., a nurse is available to help you make informed health care decisions.

By dialing our toll free number, you can speak with a nurse or simply listen to a selection from more than 400 tapes on health topics from the Health Line Audiotape Library. The choice is yours and the access is 24 hours a day, seven days a week.

So, go where you want to go and see what you want to see. It's true that it's a big world out there, but we're always just a phone call away!
