

**Attention students majoring in Marine Transportation:**

To minimize scheduling issues for this impacted major, the MT Department Chair has requested that the Student Records Office register each Marine Transportation student in their Fall courses. Therefore a "registration hold" will be placed on each MT student to prevent them from rearranging their pre-determined schedule. Registration will take place between June 25th and July 12th.

Beginning on August 20th, all students will have the ability to make class schedule changes if needed.

If an MT student has a special concern or request, they may email the Student Records Office at [studentrecords@csum.edu](mailto:studentrecords@csum.edu).
