Subject: 1/20/21 Weekly COVID Newsletter

We are excited about the return of cadets, faculty, and staff involved in supporting Face-To Face programs this semester. As you make your way back to Cal Maritime, the COVID Health & Safety Task Force would like to remind you of a few essential items.

What you NEED to know

- If traveling back by plane or other means where your exposure risk is high be sure to:
 - Wear a face covering at ALL TIMES
 - Wash or sanitize your hands FREQUENTLY and before eating or touching your face. Carrying a small container of sanitizer is a great idea.
 - Physically distance. This is our updated term for “socially distance” because it enhances mental well being if we continue to be social.
- Return COVID testing is on Monday, January 25, for faculty, staff, and cadet leadership, and Wednesday, January 27, for cadets. **Testing will be conducted from 0800-1500** in the PEAC. Everyone will enter from the lower level near Lot L. See illustration below.
- Remember to complete your Daily Symptom Check <https://www.csum.edu/alert/covid-19/covid-check.html> EVERYTIME you come to campus or leave your on campus residents.
- Lots of new COVID information is available at <https://www.csum.edu/alert/covid-19/>, so stay informed. We have an updated plan for Spring, more reference links, meeting minutes, and more.
- **We still recommend you use California’s exposure notification system.** If you go to <https://canotify.ca.gov/> you can activate it on your phone. This system was designed to rapidly identify and inform people who have had close contact (greater than 15 minutes and less than 6 feet) with a person who was determined to be positive for Covid-19. It is a great tool to keep you informed.

Please email questions, comments, or suggestions to covid19hs@csum.edu

Physical Education and Aquatic Center (PEAC)

COVID Testing 1/25 and 1/27

Maritime Academy Drive

If driving park in Lot O or lower campus and walk up
