4. O-week presentation: Ian presented on the origin of the opportunity to present to all incoming students during o-week. Vineeta advocated for this hour. Subgroup who attended NCORE conference met to discuss and plan. Decided on outside speaker, funding from O-week and not UC budget. Dialogues on Diversity has a program called Get Out of Your Bubble ([http://dialoguesondiversity.com/orientation/](http://dialoguesondiversity.com/orientation/)). This orientation program was identified from NCORE sponsor list. Was decided as first choice. Elaine contacted the company and has arranged for them to present on Saturday August 27th from 230-330pm in Rizza (thank you Ingrid for changing times with original Friday morning that did not fit for the presenters). Ian to work on event requisition in partnership with Elaine. Watched the intro video online and questions were asked about the main message and purpose, which is about inclusion and awareness of diversity, including work at other maritime academies.
   a. Brief introduction to be included about UC. Discussion about something fun for UC members, including “big head” posters for each member as a way to stand out and make an impression to students. Members were in agreement with the understanding that there is an opt-out option.

   a. Los Valientes event req submitted. Ian to keep the group informed.
   b. Discussion of having the CMA choir participate and the group was in favor to make this part of this celebration and others this year.

Members shared examples of possible local inequities in conduct system.

   a. Dialogues on Diversity O-week presentation (Elaine) and plan: slated for Saturday 8/27 from 230-330pm in Rizza. Discussed plan for presentation Saturday, including Elaine, Sharon and Ian planning to be present. They will introduce the speaker and talk about the UC briefly, including using big heads to celebrate and showcase the UC. Marc suggested adding data to intro about incoming class being most diverse (e.g., 43% white and 19% female). Kathy asked about our veteran population of incoming students and if that could be highlighted as well.
      i. Big Heads are here!: members assembled the big heads and Ian collected them to bring them on Saturday.
3. New Business
   a. Budget update: Ian presented an overview of the budget situation, including a timeline of meetings with Brig and plans for the upcoming year. This includes adjustments to line items to better reflect spending this past year.

ii. FY 16-17: same annual budget of $14,525
   1. Line adjustments made to reflect 15-16 spending
b. Changes to membership and structure (Ian): Ian provided an update on membership and structure, including a summary email sent to Brig that was developed by the UCEC. Members supported the recommendations. Members will be updated once changes are approved.
c. Social Media presence (Ian): discussion of how to increase this presence as we promote programming and other UC activities. Student worker last year was a fill in and that will continue (Elaine to manage with student worker) until a more permanent plan is in place. This could include student members creating new accounts for the UC, possibly on Instagram and Snapchat. Note that existing social media channels are very busy and it would be better to attract those with an interest in the topics of diversity and unity.
d. Fall UC Meetings – Frequency, time, location (Ian and group): Monthly meetings were preferred with possible more frequent meetings for the subcommittees and UCEC. Mondays and leadership hours were deemed not effective meeting days/times. Ian to identify monthly times and send outlook invites for the fall semester.
e. Hispanic Heritage Month planning (subgroup needed): This discussion transitioned into planning for the semester and year. Discussed structure for celebrations to include: Hispanic Heritage Month (9/15-10/15), national coming out day (10/11), Black History Month (February), LGBT history month (June), and an international/cultural day (TBD and to be combined with a spirit day). Discussion included the preference for all members being required to participate on one subcommittee. Ian to send out this schedule of celebrations and ask for members to join subcommittees.
   i. Los Valientes (Ian): PO approved and more information to be provided at next meeting.
f. Black Girls CODE (Elaine): Founder of this org, Kimberly Bryant, to speak at Cal Maritime on Feb 22. Primarily organized by the AAUW (American Association of University Women). UC invited to co-sponsor. Group agreed to make this part of BHM. Elaine to follow up and subcommittee to work with this to provide supplemental support, including possible refreshments or other indirect funding.

g. Civil discourse initiative (Marc; subgroup needed): suggestions of a possible voting drive with ASCMA, debate viewing parties, or open town hall forums.
   i. Presidential debates: 9/26, 10/4 (VPs), 10/9, 10/19

   b. Members are still encouraged to provide feedback on the minutes, including edits.
   c. Additional student member was suggested, Charlie Wiswall.

      iii. Feedback was also mixed regarding the Big Heads promotional effort.
iv. Convocation was also discussed in where UC was noted by the president but that incoming student diversity data were quickly passed over in the ppt presentation. Members expressed this being an unintentional mistake, yet Ian reminded members about how unconscious bias operates.

iii. Nipoli volunteered to be present at the CLC, yet other members will be present in other roles as well (Ingrid, Marc, Tari, and Sharon).

c. Civil Discourse planning (subcommittee)
   i. Promote at Constitution Day Event, 9/16 12-1230 in Peachman
   ii. Nipoli referenced a handout for faculty that she is developing in her role as faculty development coordinator that will assist faculty who engage or facilitate difficult dialogues. This was in response to limited interest and availability in a presidential debate. Instead, topical interest was noted (e.g., Professor Tom Nordenholz and climate change).
   iii. Josie noted Dave McCuan, a professor with expertise in global studies and politics at Sonoma State (https://www.sonoma.edu/polisci/faculty/david-mccuan.html), who she reached out to about possibly coming to campus for a related event. Details TBA.

e. Vetting or examining organizations that use campus facilities and whether these orgs/groups have policies and practices that are consistent with values of diversity and inclusion (Marc)
   i. Marc provided an overview of this idea and the importance of policy for reviewing vendors’ anti-discrimination records when approving them to come to campus. Members were unaware of any existing policy that might be within departments such as conferences and events, procurement, or risk management.

4. Other items
   a. Announcements
      i. 6-part Social Justice Speaker Series at Touro University (Sept-Nov)

- CSU-wide campus climate survey of students to include race and diversity questions, planned start spring 2017 (Ian): Ian provided this update as well, which led into discussion of the graduation initiative at the CSUOC that is being felt by all areas and campuses. Feedback in this discussion included the observations that at other CSUs the focus on eliminating the achievement gap (i.e., difference in graduation rates between majority and minority students) is being discussed and addressed while at Cal maritime messaging in some spaces has been that we do not have an achievement gap. Strong reactions were shared, including questions about these conclusions are drawn, the consequences of making general
statements/sentiments like that, and how it conflicts with others’ understanding of data and lived experience. Ian to share data with the UC

- Oxfam Dinner (Alejandra)
  - i) Student leadership project that is in the planning stage. The format is determined (including engaging dinner where attendees are randomly given different meals that correspond to the proportion internationally of what most people in the world eat on a daily basis). Discussion on sexism and sexist norms at Cal Maritime started in response to experiences of unconscious bias toward female students on campus. Personal examples were shared and attitudes were expressed noting evidence of systemic sexism that is normative in the male-dominated environment at Cal Maritime. Ruby and Elaine offered resources and support, including the Women in Maritime Leadership Conference (March 9-11, 2017). - Approval of Previous Meeting Minutes and Agenda (1000)
- Old Business
o International/cultural day (1005) (Elaine): EK provided a summary of the event, which is scheduled for Friday March 24th from 1030-1230pm, including tables, food, drumming, music and dance. She noted the need for volunteers on the day of the event to help with set up as well as being present at a table for Black History Month. JA, AP and IWil offered assistance, where directly or with student workers

o Black History Month summary (1015): SC provided summary of the event, particularly the celebration on the last Thursday of the month. General consensus was that the event was a success despite low attendance (approx. 40 people). Plans are to begin planning for next year starting this April where a meeting will be called. Members are invited to attend. IWil noted low faculty and staff involvement and the need for greater interest. Suggestion was made to have campus leadership promote the event better, including comparisons in the Vallejo Times-herald with other Cal Maritime events that received coverage on the front page (DM and KB). IWil suggested a possible earlier start to the event to attract faculty, staff and students, possibly 3pm. DM stressed the importance of identifying our target audience as a way to make decisions about event planning. IWil summarized next year goals as increasing participation and more advance planning.

o Conduct System data analysis and reform (1025) (Ian): IWal presented an overview of the presentation he is developing based on descriptive data from the conduct system over the past 3 academic years. A brief review of the presentation demonstrated overall conduct data followed by tables showing descriptive analyses based on gender, race, major, and intersections. EK provided summary of student interest, including ASCMA involvement and specific aims of improved communication and information abot rights to students who are changed as well as training for those involved in the system. Others asked questions about different aspects of the data including gender (SC), major, divisions (JA)

o BUDGET update (1035): IWal provided a brief update on the remaining budget, including somewhere between 5 and 7 thousand dollars remaining for this AY/FY. This was noted to be more than expected and in part due to funds being held for a possible BHM speaker, who was not retained. The council was encouraged consider projects for this year as well as ways to spend the
funds that would assist projects next year (suggested by TH-C). SC noted an annual Black Women’s leadership and/or professional conference in San Francisco that is sold out this year but could be considered next year.

- New Business (1040)
  - Women’s History Month event promotion (Ian): IWal presented a flyer and information about an event for Women’s History Month on March 22 at 130pm in the Bistro: Equator Coffee tasting. UC members are encouraged to attend.
  - End of the year events and activities: IWal introduced an open discussion about events for the remainder of the year. EK suggested having a table at Cal Maritime Day (4/8/17, 1230-2pm). Members will be presented for other events including EK, FY, JA and RG. IWil and IWal will communicate about possibly hosting a UC table.
    - IWil noted unconscious bias workshop at SJSU and that we could invited the presenter to deliver the workshop for our faculty and staff, possibly early summer in this AY/FY.
    - ASCMA will be helping deliver the annual Luau (tentatively April 10, 5-8pm), after the API club has been unable to host this event this year. (Note: following our meeting, student members of the API club approached JA and IWal to inquire about UC support. Discussions about support and funding for this event will be had with the UC Executive Committee due to timing of the event planning occurring between UC meetings. Others are welcome to be involved in these discussion, please contact IWal with your interest).

- Other items and announcements (1050)
  - GSA updates: In the past month:
    - Members and faculty advisor Jennifer Metz attended the Queer Conference at CSUEB. Members are looking forward to this next year as well. Transgender veteran and activist Shane Ortega was a keynote speaker who the GSA may invite to campus in the future, possibly for BHM events
    - GSA will be present at Cal Maritime Day
The club and CAPS (Drs. Anand and Wallace) watched the documentary film How to Survive a Plague about the AIDS epidemic in the LGBT community and the importance of grassroots activism.

All gender bathrooms update: GSA has been involved in the campus discussions about new signage (including representative who works for facilities Department), including name and/or symbols. IWil noted that currently there are 11 all gender bathrooms on campus and that temporary signs have been placed around campus. The GSA continues to discuss and will provide campus leadership with their input shortly.

    - Suggestions: Alex Jones (Career Services), Tyrone Wise (Commandant’s Office), Scott Saarheim (MT), Scott Green (ET), Nelson Coates (Sci & Math)
  - General goal of planning activities earlier to allow for more outreach
    - Suggestion of integrating into outreach already existing on campus to promote our activities (i.e., Super Sundays at African American churches to promote BHM)
      - Coordinating with JoEllen Myslik, Franz Lozano (VEBA meetings), etc.
  - Integrating opportunities for students to show off their talents and express themselves by hosting a Unity Council art contest
  - Adding more daytime events instead of focusing on evening events – very low student participation at evening events this year
