Able Services
235 Pine Street, Suite 600
San Francisco, CA  94104
www.ableserve.com

- Bob Briones,
  Regional Engineering Manager
  510-318-2717, bbriones@ableserve.com
- Matt Montanez
- Eric Carlson

Able Services is America’s largest family-owned provider of Janitorial, Engineering, and Facility solutions. Since 1926 Able has consistently delivered world-class service at a competitive value, thereby achieving significant cost savings and efficiencies for our clients. Consistently reliable on-site engineering services with an emphasis on performance measurement, sustainability, benchmarking, and proactive reporting.

We provide onsite stationary engineering services to more than 650 million sq. ft. of real estate assets in the United States. Able’s engineering group is the largest privately held, full-service building engineering and maintenance company.

Affiliated Engineers, Inc.
123 Mission Street, 7th Floor
San Francisco, CA  94105
www.aeieng.com

- Phillip Hatchett, ’17
  Mechanical Engineer
  415-764-3756, phatchett@aeieng.com
- Kylie Zhao,
  Piping Engineer
- Jason Roth,
  Director of Business Development

Affiliated Engineers, Inc. (AEI) is a leading U.S.-based multidisciplinary consulting engineering firm that plans, designs, and delivers high performance engineered systems for technically complex building and utility infrastructure projects. Nationally and internationally, AEI specializes in the healthcare, research, energy production and distribution, higher education, industrial, mission critical, and sustainability markets.

Building Design + Construction Magazine ranks AEI in the top ten of U.S. engineering firms overall, and in the top ten of healthcare, university, science and technology, and federal government engineers. AEI has received 14 R&D Magazine Lab of the Year awards. The firm’s Stanford Energy Systems Innovations project was named the Global Best Green Project for 2016 by Engineering News-Record Magazine.

AEI is a highly collaborative practice, integrating the work of over 700 employees in 18 offices in the U.S. and England into a single technical knowledge community and culture of high intellectual standards. The firm emphasizes sustainability and environmental stewardship in our work as implicit priorities of high performance design. Practicing since 1927 and formally incorporated in 1978, AEI is owned by 43 principals who develop and maintain client relationships and provide project leadership.
Alcatraz Cruises, LLC
Pier 33 South, Suite 200
San Francisco, CA 94111

- Ryan Palmer,
  Port Captain

Alcatraz Cruises is the primary vessel service for Alcatraz Island and the concessionaire for the National Park Service. Alcatraz Cruises is located at Pier 33 in San Francisco, CA. The company handles the vessel and engineering operations, marketing, ticketing services, photography, food and beverages, accounting services and more. In addition, the company handles the contract for Alcatraz Island maintenance operations and manages the fuel and other resources the island requires.

Alcatraz Cruises is an innovator and leader in maritime hospitality and delivers a world-class experience to visitors while upholding highest levels of safety, security, and environmental standards. The company delivered the first Hybrid fleet of vessels to the San Francisco Bay and North America, as one of the first hybrid fleets in the world.

Alcatraz Cruises implements a triple bottom strategy for people, profit and the environment and is certified in ISO, International management system standards for quality, health & safety and the environment.

American Maritime Officers Union
601 S. Federal Highway
Dania Beach, FL 33004-4109
www.amo-union.org

- Capt. Willie Barrere,
  National Representative
  415-654-2671, wbarrere@amo-union.org
- Capt. Alex Butler, ’01

American Maritime Officers is the largest union of U.S. merchant marine officers. AMO officers work aboard U.S.-flagged merchant and military sealift vessels, and AMO holds a unique presence in the international energy transportation trades.

AMO officers work in a broad range of domestic and international trades aboard U.S.-flagged vessels in the deep-sea sector, including oil and product tankers, containerships, roll-on/roll-off ships, heavy-lift ships, trailer ships, general cargo vessels and the only U.S.-owned fleet of undersea cable installation and repair ships.

AMO officers also work aboard Military Sealift Command’s large, medium-speed roll-on/roll-off ships, and aboard military prepositioning vessels, fast sealift ships, product tankers, Ready Reserve Force ships and
several others operated by private-sector ship managers for Military Sealift Command and the Maritime Administration.

AMO represents the officers and stewards in the majority of the U.S. Great Lakes fleets. AMO also has collective bargaining agreements covering scores of ocean-going and harbor tugs and inland waters vessels.

American Mechanical, Inc.  
1275 Boulevard Way  
Walnut Creek, CA 94595  
www.ami-hvac.com  
• LaMonica Merkerson,  
  HR Specialist  
  925-393-0698, lmerkerson@ami-hvac.com  
• Jason Lesser  
• Kyle Blocker

AMi is a privately owned California Corporation with an office in Walnut Creek, CA. We have been serving the Greater Bay Area for over 30 years.

As a mechanical contractor, we design, install and service heating, ventilating and air-conditioning systems for the commercial and industrial marketplace. We are experienced in system analysis, energy analysis and building automation Direct Digital Controls (DDC).

ArcBest  
8401 McClure Drive  
Fort Smith, AR 72916  
www.arcb.com

What You’ll Do

ArcBest is a logistics company with creative problem solvers who deliver integrated solutions for complex supply chain challenges. With services provided by less-than-truckload carrier, ABF Freight, and maintenance and repair company, FleetNet America, we are fully equipped to deliver knowledge, expertise, and a can-do attitude with every shipment and supply chain solution, household move, or vehicle repair.

Wanting to join the ArcBest family? Whether you are an employee under ArcBest, ABF Freight, or FleetNet, you are held to a high standard. In our search for top talent, we are looking for those that will further enable us to deliver on our vision and fully support our values-driven culture.

Our Management Training Program has won acclaim from such prestigious publications as Training and Selling Power magazines. As a member of the Program, you will learn to manage the operations of a global logistics solutions provider.

Operations
Your training begins by learning the role of front-line operational supervisors. This orientation enables you to observe supervisors during the operational shifts of an ABF Freight℠ Service Center.

Then you will personally supervise operations under the supervisors’ tutelage, gaining new insights into safety, maintenance, and transportation procedures.

**Account Management and Administration**

You will follow-up your exposure to operations by spending time with ArcBest account managers. By accompanying account managers on client presentations and entertainment activities, you will learn the dynamics of proactively managing ArcBest accounts. Plus, you will master key administrative functions, including cash management, customer service, and payroll.

**Placement**

A Management Trainee will be placed in one of our more than 240 facilities across the continental United States. Your path is defined by you—your particular traits, skills and talents. Those in our top management positions all paved their way by developing and strengthening their own abilities throughout their ArcBest careers.

**Qualifications**

Only the most qualified college graduates are asked to join the program. Business and supply chain management graduates are preferred. Above all, qualified candidates will have demonstrated abilities in leadership and communications and possess a willingness to relocate.

Benefits of being on the ArcBest team:

- Attractive salary plus incentive plan
- Professional training
- Excellent Medical, Dental, Vision, and 401k Plans
- Education Assistance for Advanced Degrees
- Stock Options and Various Employee Discount Partnerships
- Paid holidays and vacation

• Nick Aquilino,
Risk Engineering, Chubb Associate

Increasing globalization, business models, changing technology, an evolving risk management approach — as you face these challenges, we can craft solutions to address your specific risks. Our in-house network of more than 400 risk engineers around the globe helps companies anticipate and minimize costly exposures. Our 70-year history demonstrates our commitment to service excellence in providing loss mitigation services.

Chubb is the world’s largest publicly traded P&C insurance company and the largest commercial insurer in the U.S. With operations in 54 countries and territories, Chubb provides commercial and personal property and casualty insurance, personal accident and supplemental health insurance, reinsurance and life insurance to a diverse group of clients. As an underwriting company, we assess, assume and manage risk with insight and discipline. We service and pay our claims fairly and promptly. We combine the precision of craftsmanship with decades of experience to conceive, craft and deliver the very best insurance coverage and service to individuals and families, and businesses of all sizes.

Chubb is also defined by its extensive product and service offerings, broad distribution capabilities, exceptional financial strength and local operations globally. The company serves multinational corporations, mid-size and small businesses with property and casualty insurance and risk engineering services; affluent and high net worth individuals with substantial assets to protect; individuals purchasing life, personal accident, supplemental health, homeowners, automobile and specialty personal insurance coverage; companies and affinity groups providing or offering accident and health insurance programs and life insurance to their employees or members; and insurers managing exposures with reinsurance coverage.

Chubb has more than $174 billion in assets and reported $38 billion of gross premiums written in 2018. Chubb’s core operating insurance companies maintain financial strength ratings of AA from Standard & Poor’s and A++ from A.M. Best.

Chubb Limited, the parent company of Chubb, is listed on the New York Stock Exchange (NYSE: CB) and is a component of the S&P 500 index.

Chubb maintains executive offices in Zurich, New York, London, Paris and other locations, and employs more than 30,000 people worldwide.

Contra Costa County Sheriff

651 Pine Street, 7th Floor
Martinez, CA 95688
www.cocosheriff.org

• Liliana Gauthier,
Deputy Sheriff
925-335-1544, lgaut001@so.cccounty.us

Contra Costa County Sheriff’s Deputies have an exciting and challenging opportunity to pursue a career in law enforcement. Prior law enforcement experience is not required. Individuals who are appointed as Deputy Sheriff-Recruits will be assigned to attend a Basic Academy approved by P.O.S.T. (California Commission of Peace Officer Standards and Training). The Basic P.O.S.T. Academy program involves 26 weeks of intensive academic instruction on law enforcement procedures combined with a rigorous physical fitness-training segment. Upon successful completion of the Basic P.O.S.T. Academy, Deputy Sheriff-Recruits will graduate and be sworn in as Peace Officers.
Crowley Maritime
9487 Regency Square Blvd, N.
Jacksonville, FL 32225
www.crowley.com

• Maggie Crotty,
  Talent Acquisition Business Partner
  904-727-2564, maggie.crotty@crowley.com
• Jenny Johnson,
  Marine Recruiting Manager
  jenny.johnson@crowley.com

Crowley Maritime Corporation is a U.S.-owned and operated marine solutions, transportation and logistics company providing services in domestic and international markets through four operating lines of business that encompass Puerto Rico/Caribbean liner services; Latin America liner services; logistics; marine contract solutions; deep sea petroleum transportation; and petroleum transportation, distribution and sales in Alaska.

The primary services offered by these business lines include:

We support our primary business segments with centralized corporate operations, including purchasing, human resources, information technology, public relations and advertising, training, travel and facilities development. In addition, we often provide vessel design, construction management and vessel management services for company-owned vessels that are chartered for use in our operating lines of business.

Our company was founded in 1892, when founder Thomas Crowley — the grandfather of current chairman and CEO Thomas B. Crowley Jr. — purchased an 18-foot Whitehall boat to provide transportation of personnel and supplies to ships anchored on the San Francisco Bay. The present structure, in which Crowley Maritime Corporation serves as a holding company for business lines and all subsidiaries, was put in place in 1992. The company is wholly and privately owned by the Crowley family and Crowley employees.

Crowley-owned subsidiaries include:
* Jensen Maritime Consultants
* Customized Brokers
* Crowley Fresh
* Ardent

Today, Tom Crowley Jr. and his leadership team direct a company with more than $2 billion in annual revenue and approximately 5,300 employees. We maintain a fleet of 200 vessels, consisting of RO/RO (roll-on-roll-off) vessels, LO/LO (lift-on-lift-off) vessels, articulated tug-barges (ATBs), tugs and barges. Our land-based facilities and equipment include terminals, warehouses, tank farms, office buildings, trucks, trailers, containers, chassis, cranes and other specialized vehicles.

CSU Maritime Academy Graduate Studies
200 Maritime Academy Drive
Vallejo, CA 94590
www.csum.edu/grad

• Kathy Arnold,

  207-442-3327, Vanessa.Snyder@gdbiw.com
• Michael Ross,
  Manager Talent Acquisition

General Dynamics Bath Iron Works is a business unit of General Dynamics.

Bath Iron Works builds some of the world’s most formidable ships. Since 1884, we have delivered more than 425 ships to the world’s naval and commercial fleets. Today, Bath Iron Works is building naval ships with the same dedication. We are the lead designer and builder of the Arleigh Burke-class guided missile destroyer, one of the most technologically advanced and capable surface combatants ever built. We are also one of the partners for the Zumwalt class, the Navy’s next-generation, multi-mission naval surface combatant.
Golden Gate Bridge Highway & Transportation District

Marriott International, Inc. is a leading global lodging company with nearly 6,000 properties in 120 countries. Marriott International reported revenues of more than $14 billion in fiscal year 2015. Founded by J. Willard and Alice Marriott and guided by Marriott family leadership for nearly 90 years, the company is headquartered in Bethesda, Maryland, USA.
McAllister Towing & Transportation is celebrating 150 years in marine transportation. We operate a fleet of more than 75 tugboats, crew boats and barges in 17 locations along the U.S. East Coast from Portland, ME to San Juan, PR. The fleet of over 270,000 H.P. consists of 28 Z-Drive/ Tractor tugs, 11 Tier II compliant tugs, 20 plus vessels involved in coastal towing and 35 ABS load line classed vessels. In each port, McAllister is engaged in ship docking (servicing more than 1,000 steamship companies), general harbor towing, coastal towing and bulk transportation. As we welcome 3 new Z-Drive/ Tractor tugs to our fleet we continue the McAllister family tradition of being an innovative force in marine transportation.

McGeorge School of Law offers students an outstanding legal education with a variety of experiential learning opportunities designed to develop and graduate capable legal professionals who will thrive immediately in the work place. The skills-based curriculum at McGeorge equips students with the knowledge and competence necessary to find success in an ever-changing legal market.

MEBA is a maritime union that represents deck and engine officers in the US merchant Marine. Founded in 1875, the MEBA offers high wages, exceptional medical and pension benefits, and a choice of jobs across the world. MEBA is a strong political force in Washington DC, supporting the Jones Act and other legislation to ensure a lifetime of work for you, both at sea and ashore.
Mercy Ships uses hospital ships to transform lives and serve nations. Mercy Ships delivers free surgical care onboard the Africa Mercy, a floating hospital that serves people who would have no other way to receive help.

As well as providing direct medical care, Mercy Ships also train and mentor healthcare professionals, renovate hospitals and clinics, and work with governments to build sustainable national healthcare plans.

★ TRANSCENDING BORDERS/CHANGING LIVES.

Mercy Ships began sailing on our mission to provide hope and healing to the world’s forgotten poor in 1978. Each year, we’ve been able to reach more people to provide life-changing surgeries. In 2018, 2,522 life-changing surgeries were performed, as well as 32,017 dental procedures. Over 22,146 potential patients were screened for surgery, and over 1,369 local African healthcare professionals were trained. Every port brings new challenges, new successes—and new lives transformed forever.

★ HEALING CONTINUES LONG AFTER THE SHIP DEPARTS

Mercy Ships seeks to leave the host nation better equipped with the training, tools, and infrastructure to care for their own.

Sustainable health care requires a plan. Mercy Ships Capacity-Building programs identify local needs and work closely with local governments to establish initiatives that make a lasting difference. We leave a legacy that extends for years—and even generations.

We are a non-Profit Non-Government Faith-Based Organization. Our Ships are operated and maintained with the kelp of Volunteers and Corporate Partners.

**Military Sealift Command**
CIVMAR Support Center
9276 3rd Avenue, LP-26
Norfolk, VA 23511
www.sealiftcommand.com
The U.S. Navy's Military Sealift Command is the premier provider of ocean transportation to the Department of Defense. The Command operates approximately 125 non-combatant, civilian-crewed ships that replenish U.S. Navy ships, conduct specialized missions, strategically preposition combat cargo at sea around the world and move military cargo and supplies used by deployed U.S. forces and coalition partners.

While we do play a critical role in support of our nation's defense, our employees are not active duty members of the military. MSC civil service mariners (CIVMARs), the largest segment of our global workforce, are federal civil service employees.

All CIVMARs are employed by the Navy to serve MSC onboard naval auxiliaries and hybrid-manned warships worldwide, in peace and war. MSC exists to support the joint warfighter across the full spectrum of military operations. MSC provides on-time logistics, strategic sealift, as well as specialized missions anywhere in the world, in contested or uncontested environments.

We recruit transitioning military, merchant marines, maritime academy graduates, and skilled entry-level candidates to fill our maritime job opportunities. The MSC mission is big. So are the rewards for the CIVMARs who help us complete it.

Military Sealift Command - Ashore
CIVMAR Support Center
9276 3rd Avenue, LP-26
Norfolk, VA  23511
www.sealiftcommand.com

Ashore Team
Based in Norfolk, VA with offices worldwide, the MSC Ashore team is a network of land-based operations that support the MSC mission overall. The Ashore mission encompasses a variety of responsibilities, including: engineering positions perform on-site construction, engineering test and inspection, and energy conservation; architecture positions that manage and perform work relating to the form, stability and performance of marine structures; and many other positions that provide IT, HR, planning and administrative support and more. Across all positions, MSC Ashore provides an exciting and dynamic work environment that offers outstanding rewards for hard work and dedication.

• Gerald (Jerry) Saunders,  
  Senior Vice President of Field Operations  

The Navy League of the United States, founded in 1902 with the support of President Theodore Roosevelt, is a nonprofit civilian, educational and advocacy organization that supports America’s sea services: the Navy, Marine Corps, Coast Guard and U.S.-flag Merchant Marine.

As part of its mission focus, the Navy League of the United States:
- Enhances the morale of sea service personnel and their families through national and council level programs.
- Provides a powerful voice to educate the public and Congress on the importance of our sea services to our nation’s defense, well-being and economic prosperity.
- Supports youth through programs, such as the U.S. Naval Sea Cadet Corps, Junior ROTC and Young Marines that expose young people to the values of our sea services.
Founded in 1898, Northeastern is a global, experiential research university. Our tradition of partnership and engagement creates a distinctive approach to education and research built on the values of experiential learning, innovation, and entrepreneurship. Northeastern is the recognized leader in experiential learning, powered by the world’s most innovative cooperative-education program. We offer students opportunities for professional work, research, service, and global learning in 131 countries on seven continents. The same spirit of engagement guides a use-inspired research enterprise that is strategically aligned with three global imperatives: health, security, and sustainability. Northeastern offers a comprehensive range of graduate programs leading to degrees through the doctorate in nine colleges and schools, and select advanced degrees at graduate campuses in Charlotte, Seattle, Silicon Valley, San Francisco, Vancouver and Toronto.

Port of Stockton
2201 W. Washington Street
Stockton, CA 95203
www.portofstockton.com

- Cassondra Hollins, HR Analyst
  209-946-0246 x8207, chollins@portstockton.com
- Linda Fisterola

The Port of Stockton, located in California’s Central Valley is one of the nation’s fastest growing ports. Its unique position at the intersection of waterways, highways and railways has made it a booming center of economic activity and a gateway for imports and exports across the West Coast. The port handled 4.7 million metric tons of cargo in 2018 — everything from steel railroad tracks from Japan to refined sulphur going to Australia.

The Port holds trade relations with over 55 countries. As one of the premier inland bulk cargo ports in California, it offers export, import, distribution and warehousing services for various product firms and retailers.

On any given day at the Port, you might see organic grain coming in from Turkey, soy beans going out to Australia or wind turbines being loaded to power other cities and communities around the world. And of Course we also do business across the US. The Port is proud to call the Central Valley home and is committed to giving back to the community and helping boost the area’s job growth. The Port of Stockton was built by Californians and we are California proud.

**Tesla**  
Booth #57

45500 Fremont Boulevard  
Fremont, CA 94538  
www.tesla.com/careers

• Kim Nguyen,  
  Recruiting Manager  
  408-609-0578, nguyenkim@tesla.com

Tesla is accelerating the world’s transition to sustainable energy. We design, manufacture, sell and service the world’s best solar technology, energy storage systems, and electric vehicles, providing customers the opportunity to generate, store and consume energy entirely sustainable.

We’re tackling the world’s most difficult and important problems and we wouldn’t succeed without our passion for making the world a better place. We’re looking for talented individuals who share that passion and are committed to challenge and to be challenged, to create, and to innovate. Tesla works to build an inclusive environment in which all people, regardless of gender, race, religion, or background, can come and be their full selves and do their best work.

**Trident Seafoods**  
Booth #32

5303 Shilshole Avenue NW  
Seattle, WA 98107
Trident Seafoods Corporation is the largest vertically-integrated seafood company in North America. Trident is engaged in year-round fishing and processing of many species of seafood throughout the Bering Sea, Gulf of Alaska and Bristol Bay areas.

What sets Trident apart from its competition is the commitment we make to know our ocean, know our fishermen, know our fish, and enhance the value of our products “from the source to the plate.” Our commitment is more than an understanding of our supply chain; it’s a series of multi-million-dollar investments made in remote communities to provide clean, efficient primary processing operations and critical fleet support services along thousands of miles of rugged Alaska coastline from Ketchikan to Kodiak, from Sand Point to St. Paul.
The Maritime Administration (MARAD) owns strategic sealift ships located around the United States and has on occasion entry level positions available within its field offices and headquarters in Washington DC.

**UPS Plant Engineering**

- Steve Hammond,
  Talent Acquisition Consultant
- Sebastien Laleau, ’11
  Project Manager

Vigor is a values-driven, diversified industrial business operating in seven locations with approximately 2,300 people in Oregon, Washington and Alaska. Built around a collection of powerful, unique assets and differentiated capabilities, Vigor excels at specialized shipbuilding, ship repair and handling important, complex projects in support of energy generation, our nation’s infrastructure and national defense.

With deep respect for people and the planet, Vigor strives to be a positive, regenerative force for good – environmentally, in the lives of our employees and in the community. We have built a positive culture that honors the work we do, the workers who do it, and the world we live in.

The Vigor Values are the foundation upon which our company culture is built, the catalyst for delivering value to our customers and a statement to the communities where we work on what they should expect from us:

TRUTH: We seek the truth, and we speak the truth.

RESPONSIBILITY: We act on what we know is right.

EVOLUTION: We seek mastery, and we adapt to a changing world.

LOVE: We care about the people we work with and the world we live in.
Be a part of a true Washington State icon

- You will have the opportunity to be part of the largest ferry system in the country, supporting incredible projects and the overall infrastructure of Washington State.

Extraordinary Career Growth Opportunities

- Career development is not just a buzz word at WSDOT, it's our mantra. We don't believe in jobs; we believe in careers. As an individual's life progresses so does an individual's needs. An individual's career should reflect the changes and it is our goal to help develop a dynamic career for those who choose to serve this agency.

Exceptional Benefits

- We offer comprehensive medical, dental, and vision health plans as well as being a supporter of work-life balance.

The mission of Western Allied Mechanical is to design, build, service, and maintain high quality and efficient HVAC systems while attracting and developing our industry's finest talents and creating enduring business relationships. Western Allied has been operating for over 50 years as a mechanical contractor for bio-tech, high tech, retrofit, and LEED/Green projects.
Western Towboat started with one small tug the N D TOBEY along Ballard’s waterfront in 1948. In the early days, Bob Sr. functioned as business agent, captain, engineer. He brought an intense work ethic to all of these tasks and held himself accountable to the highest standards. Western’s tugs then, as now, are maintained more like yachts than work boats. The smart looking tugs with the blue stacks and the yellow and white house are a clear reflection of Bob Sr’s personal pride and dedication.

Back then it was a different business era. A man’s word was a binding contract; towing jobs were sealed with a handshake; and customer service meant a personal commitment to see the job done right. Bob Sr. offered his customers the best towing service possible... one that could only come from his personal “hands on” approach. Western Towboat has grown to a fleet of 22 tugs and 7 barges since then but its tradition of hands-on commitment continues. Bob Sr. passed his work ethic and sense of pride on to his two sons, Bob Jr. and Ric, and to all of his employees.

As Western approaches 70 years of service she is still a Family business owned and operated by Bob Jr. and his sons Russell, Ross, and daughter Kristin all working together daily. Whether it’s at the helm of the Company or on-board one of our tugs the Shrewsbury’s continue Bob Sr.’s hands on commitment to the business. Modern equipment, all custom designed and built in WESTERN’S own yard, operated by experienced, hardworking crew offering customers professional, competitive ocean and harbor towing services.
