

CALIFORNIA STATE UNIVERSITY MARITIME ACADEMY (Cal Maritime)
A Campus of The California State University

JOB BULLETIN No.: 103304

DEPARTMENT OF GRADUATE STUDIES

MASTERS OF SCIENCE IN TRANSPORTATION AND ENGINEERING MANAGEMENT ONLINE PROGRAM

Positions in On-Line Course Instructions

Starting Date: 2021/2022 (Varies each semester per course availability)

These positions are open until filled. Interested applicants may submit materials to the Office of Graduate Studies and Human Resources at any time. For full consideration the application packet should be submitted online to both offices. If an applicant's skills and expertise match a current opening s/he will be invited to interview for that position.

ABOUT CALIFORNIA STATE UNIVERSITY MARITIME ACADEMY (Cal Maritime): Located on a compact but scenic waterfront campus in Vallejo, California (30 miles northeast of San Francisco), California State University Maritime Academy (Cal Maritime) is a unique and specialized campus of the 23-campus system. Serving a population of approximately 1100 undergraduate and 50 graduate students, we are one of only seven degree-granting maritime academies in the United States — and the only one on the West Coast.

Cal Maritime offers seven baccalaureate degrees in Business Administration, Global Studies and Maritime Affairs, Facilities Engineering Technology, Marine Engineering Technology, Mechanical Engineering, Marine Transportation and Oceanography. The undergraduate curriculum includes licensing programs for future merchant marine, coast guard and naval reserve officers. Cal Maritime also offers a Master of Science in Transportation and Engineering Management degree. Please visit our website for more information about [California State University Maritime Academy](http://www.csum.edu/web/industry/graduate-studies) .

Our programs focus on intellectual learning, applied technology, leadership development, and global awareness. Cal Maritime students participate in training cruises aboard the Training Ship *Golden Bear* or other international educational experiences - gaining a unique perspective on our increasingly global culture and economy. Cal Maritime is committed to being a leading educational institution recognized for excellence in the business, engineering, operations, security, and policy of the transportation industries of the Pacific Rim and beyond. We are equally committed to hiring and retaining diverse and dedicated faculty and staff who lead the way in helping our students expand their knowledge and potential.

MAJOR DUTIES AND RESPONSIBILITIES: The Master's Degree program was developed by university faculty in conjunction with industry leaders and places a high value on the integration of theory and practice. Designed to meet the personal and professional needs of mid-level managers it is offered completely online and is accessible to students 24/7 365 days. Successful applicants will possess a clear understanding of adult learning styles and will be able to establish professional and collegial online learning environments for students. Instructors will be able to organize courses that are rigorous, laying out clear timelines and expectations and providing consistent and frequent feedback to students. In addition to teaching the instructor will be expected to provide the university with learning outcomes assessment data from the course. The incumbent must be familiar with online learning systems and techniques and be able to employ these to deliver outstanding instruction.

Sections of the following courses continue to be formed and the Office of Graduate Studies continually seeks outstanding candidates in the following content areas. For further information regarding these courses please peruse the Graduate Program web page at <http://www.csum.edu/web/industry/graduate-studies>
