CAL MARITIME

All Cadets,

We hope you are enjoying the remaining weeks of summer while gearing up for fall. We are really looking forward to everyone returning to campus!

To keep all its campuses safe and healthy, the California State University (CSU) now requires all students who access university facilities and programs (those living on- and off-campus) to be fully vaccinated against COVID-19. The following information will guide you to complete this important requirement.

All cadets must be fully vaccinated to access campus. The deadline to submit your vaccination record is **August 31**. Please send proof of your vaccination to the Student Health Center: by fax at #707-654-1171 or email a scanned copy to healthcenter@csum.edu. Even if you are in the middle of a two-dose regimen of the vaccine, documenting everyone's status by this date will help us plan for fall. All vaccination and exemption information will be kept confidential.

To request an exemption from the requirement, contact Health Services for medical exemptions (healthcenter@csum.edu) or Disability Services Office (scase@csum.edu) for a religious exemption. The deadline to request an exemption is **August 16**.

Below are instructions based on individual status:

- **If you are fully vaccinated and have uploaded your vaccination record, or were vaccinated on campus last March, you are all set**.
- **If you plan on getting vaccinated by the August 31 deadline but have not yet (or have not completed your second shot)**, please indicate your status/plans with Health Services. Upon completion, upload proof of your vaccination record. Until you are fully vaccinated, you will need to do the following:
    - Wear a mask at all times
    - Submit to random Covid testing
    - Bring a negative Covid test result within 72 hours of coming to campus (submit to Health Services to be cleared to be on campus).
- **If you are not vaccinated and would like an exemption**, please declare your exemption as directed above to be approved for an exemption. You will also be required to:
    - Wear a mask at all times
    - Submit to random Covid testing
    - Bring a negative Covid test result within 72 hours of coming to campus (submit to Health Services to be cleared to be on campus).

Thank you for doing your part to slow the spread of the virus. We look forward to your arrival. Should you have any questions, please don't hesitate to contact Health Services.

Kathleen McMahon, EdD, Vice President for Student Affairs and Cadet Development

Dr. Grace Chou, MD, Health Services Director
